23RD AUTO HOMES TO BE BUILT SOON

FORD AGENCY STARTS IN 10 DAYS

Construction of the new home for the Ford agency at the north-east corner of Twenty-third street and Barrett avenue will be started within ten days and the new building for the Chevrolet agency on the opposite corner will be started about the middle of July according to Basil Spurr of Burg Brothers who handled both deals.

With the approval of plans for the Ford agency by district officials yesterday, preliminary arrangements were completed for the largest business transaction in Richmond in recent years as announced exclusively in the RECORD-HERALD Thursday morning.

Site Landed
Officials of both the Ford and the Chevrolet company in San Francisco were highly elated with the selection of the sites and the business opportunities offered in the new location.

Predictions were made by the San Francisco automobile leaders that the entire automobile row of the city would be located in the vicinity in less than two years. Careful studies were made of all sections of the city before the move was made, they asserted. Traffic checks were made, and the geographical center of the city was studied.

Tabulations made at street corners revealed that more traffic, both foot and automobile, passes Twenty-third street and Macdonald avenue than any other intersection in the city. This is due to the central location of that corner and the fact that the streets in all four directions lead to some vital part of Richmond or this section.

Plans Told
Spurr yesterday revealed detailed plans of the Ford agency which will be occupied by David M. Rose. The building will front for 75 feet on Twenty-third street and 150 feet on Barrett avenue. The entire Twenty-third street side will be of plate glass which will extend back for a portion of the Barrett frontage. The sales agency, offices and display room will be on the Twenty-third street side, while workrooms and storage rooms will be located on the other portion of the building.

The structure designed by James T. Nardelli under the personal direction of Ford officials of this district will be the most modern salesroom and garage of the company in the San Francisco bay regions. It was announced yesterday. Every detail which has been worked out in years of experience will be incorporated in the structure.

Spurr Contractor
C. A. Rosser, owner of the site will finance the construction of the building which will be built by Spurr as contractor. The building will be leased to the Ford Agency under a long term contract.

Spurr also handled the arrangements for the new Chevrolet agency which will be occupied by the Golden Rule Chevrolet company composed of Carl K. Shumate and W. A. Connell.

The Ford agency is to be completed early in August while the Chevrolet building will be finished about Sept. 15, according to Spurr.

Burg Brothers are owners of the Chevrolet agency site and are financing the construction of the building which will be leased to the Golden Rule company under a long term lease.

The structures will represent an investment of approximately \$40,000 each.

HUSTONS ON VACATION
Mr. and Mrs. W. R. Huston, 609 Sixth street, will leave today for a two week's vacation at Lake Almanor.

KING GEORGE UNDERGOES OPERATION

LONDON, June 1, (Saturday)—(U.P.)—The Daily Express today asserts that an operation was performed on King George at Windsor Castle Thursday, on account of a recurrence of pleurisy in his lungs, which caused so much concern during his illness last winter.

This statement has not been commented on officially to date. Until the king caught cold last Sunday, when he had tea outdoors with his family, physicians were well pleased with his remarkable recovery. The condition of his heart, which was terribly strained last winter, was their only concern and it was believed it would be satisfactory.

The Prince of Wales and other members of the royal family, although constantly in touch with the king, have not been permitted to see him.

IDAHO RAINS HIT RICHMOND

The plans of men and mice of law down, as Bobby Burns, the poet once remarked. Even the plans of weather men come under this "quotation."

Yesterday fair weather was forecast by the weather bureau. As a result it rained for a few minutes yesterday morning.

Weather men declare that the storm, except down from Idaho where the main depression is located, was anticipated that the only effect here would be a slight cloudiness. In spite of this statement, the cooler sea breezes condensed the moisture, producing a precipitation that common folks insisted on calling rain.

Weather men predict that it will be calm and warm today although Father Ricardo, the Padre of the Rains, stated that rain can be expected Monday.

AT HOTEL CARQUINEZ
Arrivals at the Hotel Carquinez yesterday and Thursday were B. A. Flynn, V. J. McClintock, of Napa; C. D. Brockett, of Fresno; N. G. Herlick and J. P. Washburn, of Santa Monica; Mr. and Mrs. William Whitehead, of Santa Rosa and Mr. and Mrs. A. J. Harrison of San Francisco.

TEXAS FACES SERIOUS FLOOD

KANSAS CITY, May 31.—(U.P.)—Monotonous downpours of rain which have continued for five days through sections of the south west, tonight had sent flood waters to the doorsteps of thousands of residents of Texas and converted farmland in that state, Oklahoma and Kansas into lakes and quagmires.

Water from Buffalo Bayou was licking upward against streets and business houses in lower downtown Houston. Normally a sluggish thread of water, the Bayou had become a torrent, rising nine feet in six hours and causing damage of many thousands.

Crops Hit
Driving sheets of rain the past 24 hours had brought streams in Oklahoma to Bankful Stages, delaying harvest of small-grain and threatening serious damage if the rain continues.

Farmwork in Kansas was delayed, particularly the planting of corn. If the rain is prolonged there was danger of its blocking the wheat harvest in southern portion of the state.

Alarm was growing at Houston. Part of the city's water supply was cut off while water rushed six-feet-deep through a pumping plant. A Southern Pacific surplus water tank was connected to city mains in an effort to overcome this difficulty.

Bridges Out
The city was almost isolated, highways being under water and many communication lines carried away. Small bridges along the Bayou were swept away along with several scattered cottages on the banks of the stream. The debris was piled against the Preston avenue bridge where emergency workmen attempted to clear it and release the pressure against the span.

The six story Scanlan building, condemned a year ago and bought by the city to be destroyed, was cracking under the push of the water and it was feared it would collapse. The million dollar municipal farmer's market was threatened.

The villages of Lynchburg, Bellville, Richmond, Hearne and Bryan were either isolated or in immediate danger as water crept through lower sections.

VISITS MOTHER
Mrs. J. H. Smith and two children, John and Susan, are visiting at the home of Mrs. Smith's mother, Mrs. R. Rosier of 608 Twenty-first street. The party made the trip from their home in Los Angeles by motor. They expect to be here for a month. Mrs. Smith was formerly Ruth Rosier.

VISIT IN ILLINOIS
Mr. and Mrs. William G. Bremer of 329 Sixth street, departed recently for a visit with his parents in Garden Prairie, Ill. They plan to return in about a month.

NEW THEORY OF AVIATION GOES BEGGING

WASHINGTON, May 31.—(U.P.)—Arthur A. Nero, an automobile mechanic believes he has given the world a discovery worth millions of dollars and wonders at the world's reluctance to accept his gift.

For more than three years he has been trying to convince aviation experts and government officials that he has discovered the secret of the Albatross' amazing powers of flight and can revolutionize aviation by his mechanical application.

"They have poked fun at me," he said, forcing a smile. "They have talked about fuelless motors for my benefit. One professor at New York University told me I was getting close to perpetual motion. They have all tried to show that my theory cannot be applied."

"Won't they feel a little foolish when my invention comes into use?"

Nero's faith in his invention has never faltered. He is positive that eventually it will make the airplanes now in use as obsolete as the horse and buggy. (Continued on Page 5)

LABOR PARTY WILL RULE BRITAIN

LONDON, May 31.—(U.P.)—The labor party has won the British general election and its leader, Ramsay MacDonald, is expected to become prime minister of Great Britain for the second time.

The decisive defeat of Prime Minister Stanley Baldwin's conservative party, which has held power since 1924, was surprising but it was not great enough to give MacDonald a majority in the House of Commons.

As a result, David Lloyd George's liberal party will hold the balance of power in the new parliament and only through sufferance of the liberals will the labor party be able to form a new government or remain in power.

With 597 of the 615 seats in the House of Commons decided, the results were as follows:

Conservatives 111
Labor won 289 seats, representing a net gain of 125 seats over the number they held in the last parliament. The gain was made principally at the expense of the conservatives.

The conservatives won 252 of the 597 seats, representing a net loss of 135 seats.

The liberals won 51 seats, representing a net gain of 13 seats.

STAMP CLUB FORMED HERE

Richmond followers of the art of stamp collecting last night banded together and formed the Richmond Philatelic society for the purpose of furthering the art of stamp collecting.

Nine men were present at the session which was held at the home of C. S. Cain, 436 Twenty-second street and they displayed their private collection of postage stamps. The collection displayed by the enthusiastic members was worth more than \$7000.

Officers of the society were elected. They are: E. R. Smith, president and C. S. Cain, secretary and treasurer.

A committee to draw up by-laws for the society was appointed. The committee includes C. H. Van Marter, Raymond Van Marter and R. V. Righ.

Charter members were named by the group. A decision was reached to keep the charter open for another month and those joining the society in that period will become charter members.

Another meeting will be held in the near future and at that time final organization of the club will be effected.

Charter members include R. V. Rich, R. Van Marter, C. H. Van Marter, A. C. Clark, George Vergue, E. R. Smith, F. M. Wolf and C. S. Cain and R. Woodward.

Lawyers Slain In Gun Battle

EL PASO, May 31.—(U.P.)—To avenge what he termed embarrassment for the last four years, Jose M. Marin, 67, a Spaniard, owner of rich mines in Mexico today shot and killed Frank J. Lyons, 44, and Herbert D. Oppenheimer, 37, member of a prominent El Paso law firm.

The double slaying occurred in El Paso's largest office building as occupants were hurrying to lunch. Attracted by the shots they milled to the fifth floor, making it impossible for police to reach the men.

After the shooting Marin walked to an adjoining office. Laying his revolver on his desk asked that the police be called.

Bridge Worker Hurt By Falling Hammer

MARTINEZ, May 31.—(Dean) Hart, 411 Napa street, Vallejo, is in the Vallejo General hospital suffering from a possible fractured skull, as a result of being struck on the head by a hammer while at work on the new Southern Pacific bridge. The hammer is believed to have dropped from above where the man was working.

This is the second accident that has occurred on the new span within a week. Last Monday, Nelson Clark of El Cerrito, employee of the Western Pipe and Steel company, was instantly killed when the girder on which he was standing collapsed and he fell a distance of 45 feet. His skull was crushed.

Youth Electrocuted, Recue Efforts Fail

MARTINEZ, May 31.—Despite the efforts of a crew of men who worked with oxygen tanks several hours in an effort to save the life of Joseph Franko, 21, the youth died this afternoon of burns received when he came in contact with 2300 volt power wire.

Franko was attempting to raise the wire over a hay press to another section of the John Donahue ranch in Green Valley when he was electrocuted. He was thrown from the top of a wagon to the ground, a distance of 15 feet. His hands were badly burned.

Artificial respiration was given to Franko for nearly three hours but he failed to show signs of gaining consciousness. An emergency call was sent to Pittsburg for an oxygen tank. A pulmonologist from the Great Western Power company office was also pressed into service.

It is understood that county authorities are attempting to work out some solution for the retention of the nine tenths mile of track beyond the Richmond Union high school which serves that section of Richmond and San Pablo. Many residents are joining with the RECORD-HERALD in its editorial policy in demanding that the entire system of the firm be abandoned in this regard an adequate bus service substituted.

Hunt Crockett Man In S. F. Gang Murder

"Dago Frank" Malizio of Crockett is being sought by county and San Francisco authorities as the result of the shooting of Edward Prouty, young iron worker and former gangster in a San Francisco dive Wednesday night.

Malizio but found his home empty. Richard Head, alleged gangster in the San Francisco jail charged with the murder. Jerry "Humpy" McCarthy, racketeer and bootlegger, declared that he saw Head fire the shots. McCarthy declared that the shooting followed a 12 hour party in which Head, Malizio, McCarthy and Prouty participated.

Police believe that Malizio was present and saw the shooting. They believe that he could clear the mystery and tell of the motives that led to the shooting.

The body of the man was found lying in a vacant lot Thursday morning.

Ford Company Wins Harbor Land Action

Judgement was awarded to the Ford Motor company and the Port Terminal company by Superior Judge H. V. Alvarado yesterday in a suit involving title to a strip of land along one side of the Ford factory site on the Richmond inner harbor. The suit was brought by Miss Salina Ellis who sought to establish title to a portion of land acquired by Ford and later sold to Ford.

The suit has been pending for a number of weeks and the decision was one of the things awaited to clear up details preliminary to the start of work on the new Ford factory here.

Miss Ellis sought to establish title to the land under an old Spanish grant survey which is claimed, varied with the latest state tideland surveys. The Port and Ford titles are based on the tideland surveys.

With the title of Ford and Port cleared, all legal obstacles confronting the construction of the Ford plant have been cleared away. The paving of Tenth street, the adoption of sewer plans and the building of a spur track along Seaver avenue are all the conditions that remain to be fulfilled. All of these projects are going along according to schedule.

STATE BODY CANCELS HEARING

Opponents to the attempt of the Key System Traction company to further curtail their service in the Richmond district have victorious yesterday morning when the hearing on the abandonment of part of the Twenty-third street line was postponed indefinitely.

The meeting had been scheduled for ten o'clock yesterday morning and it was not until shortly before the time of the hearing that a message was received from the State Railroad commission that the hearing had been postponed indefinitely.

It is understood that county authorities are attempting to work out some solution for the retention of the nine tenths mile of track beyond the Richmond Union high school which serves that section of Richmond and San Pablo. Many residents are joining with the RECORD-HERALD in its editorial policy in demanding that the entire system of the firm be abandoned in this regard an adequate bus service substituted.

Letters commending the RECORD-HERALD for its stand on the matter have been received in large numbers, not only from residents of the district now under consideration but from many other sections of the city as well.

In its plan to the Railroad commission on the Twenty-third street line the Key System set forth that it is planned to pave the street on which the track runs. The company insists that the cost to put down the track in the newly paved street will be prohibitive. Should the plea of the company be granted at a future hearing it will mean that the entire city of San Pablo and the section in Richmond beyond the high school will be without transportation.

The postponement of the hearing yesterday is taken by those who have been fighting the action of the traction company as an indication that a satisfactory solution will be worked out without the abandonment of the service.

IGNORANCE OR DISLOYALTY

An important chain of syndicated newspapers recently printed an editorial attempting to rebuke the U. S. Department of Labor, because through its mediator on the ground in North Carolina during the textile strike, it declared that no settlement of the disputes there between employees and employers could be reached so long as strikers submitted to communist leadership. This editorial declared it was none of the business of the American government whether or not a labor struggle was under communist leadership.

Whether or not there shall be recognition of "labor" leadership which publicly declares its purpose to overthrow by violence the government of the United States but of every loyal citizen of the United States. Communist leadership injects itself into labor disputes not for the purpose of settling them, for the last thing in the world it wants is contentment in the ranks of labor, but for the purpose of making such strikes "school in class warfare." Such leaders are the most dangerous enemies of American labor. Their prominence is destructive of the prospect of success in any labor dispute.

There is nothing about the purposes of communist leadership in the United States. Self-styled "liberals" openly or secretly in sympathy with bolshevism pretend to believe that the revolutionary purpose of communism is only a "boogy." Such a pretense is either the result of unnecessary ignorance or camouflage intended to deceive the uninformed or thoughtless. For this purpose is openly declared in the columns of the communist press in the United States. In the columns of the communist newspapers of the United States were printed (December 24-28, 1928) detailed instructions officially dispatched from the headquarters of the Third Internationale in Moscow outlining plans for creating civil war, and of striking this government in the back in case it should become involved in foreign war. In the columns of the chief official communist daily of the country have recently appeared official instructions from the "American authorities of the communist party, openly based on the Moscow Communique, directing the formation of communist groups in all American arsenals, munition plants, ship-yards, water plants, light plants, chemical plants, railway shops, post offices, etc. in other words in all places from which a few men can paralyze the life of the country in an emergency. In other words the communist leaders have a fully formulated program of war against the government and people of the United States and have become so bold under "liberal" encouragement that they do not hesitate to commit this program to type and disseminate it by all and any means throughout the country.

And yet the Department of Labor is attacked by an important chain of newspapers because it refuses to enter into negotiations with the leadership of such an organization and we are told that it is none of the business of the government of the United States whether or not under the pretense of sympathy with the immediate aims of labor, a leadership sworn to the destruction of this government, has seized upon a strike to the exclusion of a leadership directed from within the United States, and not as an agency of alien plotting against the American people and government. This is strange doctrine to be preached by American newspapers. It could consistently be printed only in publication deriving their sustenance and their orders from Moscow rather than from territory beneath the flag of the United States, or which are unpardonably ignorant of the significance of the conspiracy of alien revolutionary leadership to seize and destroy the American labor movement and the American government.

Noah was no doubt the original man who started out on a trip and forgot to put the cat out.

MISS COLCLOUGH WEDS D. P. BRUSH AT SAN RAFAEL

At a quiet ceremony performed yesterday, Miss Dolly Colclough of Richmond became the wife of Donald P. Brush of Cloverdale. The ceremony was performed at the San Rafael Episcopal church with Rev. George Bradley of San Rafael officiating.

Mr. and Mrs. E. H. Maher brother-in-law and sister of the bride attended the couple. Relatives and close friends witnessed the ceremony.

The bride is the daughter of Mr. and Mrs. John Colclough of 3030 Twenty-third street and is a graduate of the Richmond Union high school. Brush is a construction engineer.

After the marriage, the couple left for the north where they will spend their honeymoon.

They will make their home at their mountain cottage, "Willowbrook" at Forest Knoll.

Pioneers Will Attend Fete Of O. O. McDowells

Pioneers from all over the state will gather today and tomorrow at the home of Mr. and Mrs. Oliver O. McDowell of 1014 Roosevelt avenue, to celebrate the golden wedding anniversary of the couple who were married half a century ago in Modoc county.

Mrs. McDowell's people crossed the continent in a covered wagon during the pioneer days and took up their residence in Salt Lake City, later pushing on to the Modoc country. It was there she met Oliver McDowell and their marriage took place.

Many experiences of the new and unknown country are related by this couple, who, though old in years are still young in outlook on life.

McDowell is a carpenter and still plays his trade in Richmond. They have lived in Richmond for the past 18 years, previously living in Crockett and Pinole after coming from Modoc.

With them today will be their three children James McDowell and Mrs. James T. Narbett of Richmond and Mrs. Rudolph Thode of Berkeley, and their three grand children Ethel and Ruth Thode of Berkeley and Keith Narbett of Richmond.

Mrs. Kratzer Honored By Church Group

Mrs. C. C. Kratzer, who is soon to leave for an extended tour through Europe, was delightfully honored recently at a luncheon and "bon voyage" party tendered her by the Organized Women of the Christian church at the home of Mrs. Aldis Webb.

Unique decorations carried out throughout the home were in keeping with the occasion. Mixture boats formed the centerpiece for the entrance to the dining room and living room were hung life savers with the names of the boats on which Mrs. Kratzer will sail and return.

Flags of different countries were also displayed around the rooms. The scheme was also carried out in the refreshments, there being tiny white sails floating from each piece of cake.

Games and guessing contests were the main diversions of the afternoon.

During the afternoon Mrs. Kratzer was presented with a large "Cork" representing her first landing place. A cord attached to the cork led to a tiny boat filled with gifts.

Guests who honored Mrs. Kratzer were Mrs. H. E. Mayfield, Mrs. J. H. Beach, Mrs. Nina Willard, Mrs. W. A. Brown, Mrs. E. M. Tilden, Mrs. Aubrey Wilson, Mrs. J. E. Maxwell, Mrs. Mary Hostin, Mrs. O. HAINES STARS IN FIGHT FILM

Staging a huge prize fight, with William Haines and Jack Roper in a sensational fight, in a sensational ring battle before an audience of a thousand, that swinging into intimate scenes about a college romance and a sorority house, this is the most of the production of William Haines in "The Duke Steps Out," a Metro-Goldwyn Mayer production, with Haines now playing at the Fox-California theater.

It's not a fight picture, for there is a college in it, and it's not a college picture, either, because half of it is a fight story. Lucian Cray's unique Saturday Evening Post tale is the basis of the production, which offers the film fans something entirely new in the way of story, and a real test to the audience at Haines. Haines plays the part of a prize fighter who to please his sweetheart, goes to college under an alias and keeps his real identity secret. Keeping his new identity in college and fighting outside to defend his title, his romantic and tribulations give rise to many a conflict situation, and there are some big thrills in the rescue in the cafe, the campus fight, the dash in the automobile, and finally, the great fight scene. Incidentally Cray suggests a clever bit of drama at this point when an enterprising reporter learns the hero's college identity and the hero learns it for the first time his training in the fight returns over the radio.

Ghost Town Relives In Film Plot

"The Phantom City," Ken Maynard's latest western feature for First National which is now playing at the Fox-California theater, is something out of the ordinary, in that the locale is an old deserted mining camp in which the entire action of the picture takes place.

Director Albert Rogell has in effect a spooky, mystery angle in the film, which makes it truly a "phantom city" with a custom character dressed in "ghosts" that fits about the old city after dark.

"The Phantom City" is a combination western-mystery drama that has the audience sitting on the edge of their seats from the opening flash to the final flicker, from the plot of the story and the spectacular stunts of Ken and Tatum.

Those who are in support of Ken are Eugene Gilbert, James Mason, Bill Washington and Charles Myles, Charles R. Rogers producer, and Harry J. Brown supervisor.

School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged, but when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling, because it is so pure and harmless. It works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

Fannie Hurst Story Adapted To "Movie"

Frank R. Capra, who directed the Columbia talking picture, "The Younger Generation," adapted for the screen from the famous play "It Is to Laugh" by Fannie Hurst, has seen to it that none of the author's sympathetic story has been lost. In fact, he has added many human touches that develop the different characterizations with a deft and understanding that prove him a master psychologist.

The action of the play deals with an East Side family. The mother and father are of the old school, simple folk, without any great aspirations. Their son and daughter have ideas and ideals of their own. It is a conflict of youth and old age. The son, a shrewd business man, wins wealth and tries for social position. His sister holds a childhood love affair most precious and elects to stand by her sweetheart when he gets into trouble in spite of the fact that her brother, forbade her to see him. Because of her action, the girl is turned from her brother's home. Then, on her wedding night, her husband is sent to prison. What follows converts Miss Hurst's sympathetic play into a fascinating, pulsating talking screen drama.

Under Frank R. Capra's skillful direction, the picture is imbued with a smoothness and naturalness that make it a vivid and realistic chapter from life. The music and sound effects rank among the best thus far offered in any screen production, the score and synchronization having been done by Constantine Bakalickoff, who is a celebrated orchestra leader on the West Coast. See it at the Fox-California theater tomorrow.

NOAH'S ARK

Copyright 1928, Warner Bros. Pictures Inc.
"NOAH'S ARK," starring Dolores Costello and featuring George O'Brien, is a Warner Bros. picture of this novel. It is based upon the scenario by Darryl Francis Zanuck.

In a private compartment on a Continental train are three friends, Ivan, a Russian; Armand, a Frenchman; and Emil, a German. Armand is interested in a French girl, Marie. They decide to share their seats, but a priest and two Americans, Jim Travis and Al, interrupt the flirtation. The train is wrecked and Travis rescues Marie and, with Al, they discover a mystery. They are followed by the three friends. That night Emil steals into the girl's room, but Armand follows. They fight, and Armand wounds his friend with a knife. Marie, terrified, runs to Travis's room.

CHAPTER V—Continued

After a moment the German managed to struggle to his feet, still holding the knife. In the dark he could feel the warm stickiness of oozing blood.

In the next room Armand was wiping the soiled knife on his handkerchief and sticking it back into his belt. His eyes, now accustomed to the darkness, sought the portieres that concealed the bed where, as he supposed, the girl stealthily, then pulled the hanging away with a swift gesture. The alcove was empty.

Armand considered the situation. "The American!" He had the room next door. His hand dropped to his knife. But even as he thought of it, still-warm hand the balcony door opened and a heavy hand clutched his shoulder.

Ivan lifted his friend off his feet and deposited him bodily on the balcony, cursing roundly. As he

CHAPTER VI

War is imminent! A thunderbolt from a clear sky the declaration rolled over the room.

War! The very word sent its message of grim savagery to each member of the group that stood with hunched backs staring up at the officer who had brought the message. Hours seemed to drag by before anyone spoke. Then:

"Hail!" The officer snapped out the command.

The others turned to look. The landlord, who had been partially hidden in the archway, was stealthily making his way towards the kitchen.

"We have orders to search this house," the officer barked. Then he turned to the soldiers framed in the doorway behind him and issued curt commands.

The uniformed men stepped forward, saluted, and started about the room. Without more ado they began to fling open doors, tapping the walls with the butts of their guns, stamping on loose boards and knocking against partitions.

On the balcony Travis drew Marie back into the shadow of the doorway, but he, too, was waiting anxiously for the outcome of this search.

"What did he say about war—that officer?" he whispered to Marie. "All I could get was something about war."

"He said there is to be war," Marie whispered back, looking up at Travis with frightened eyes. "They come to search this house—I don't know why. They are Germans."

"Well, whatever it is, we'd better get away from here pretty quick," Travis said anxiously.

"Listen, baby, we're going to get out and 'foot sweet,' as you say. I'm not interested in having one of those guns wrapped around my neck here because a couple of armies decide they need a little exercise."

Now the searching party, having found nothing to its interest in the main room below, started out towards the kitchen. At the approach Al and Hilda drew further back into the shadow, and then slipped along the kitchen wall and around the stairs and started up. Their way led through a short, dark passage, to the balcony.

"Well, my gosh! There's Jim!" Al rushed forward and grabbed his friend by the arm. "Say, what's that?"

"Wars, and rumors of wars," Travis quoted. "Look here, are you sober?"

"You're damned tootin'!" Al definitely assured him. "What are we going to do?"

"That's just what I'm trying to figure out," Travis answered. "We've got to get away, that's certain. But how? We can't run for it. We had a car, but it's gone. Or something—that's an idea. Look, Hilda, if you can get the girl beside him. Can you ask the maid—yes, you know, carriage—around here, tell her I'll pay her for it?"

"Oh, yes," Marie affirmed. She beckoned to the maid group, and began explaining their wants.

(To be continued.)

FORD FACTORY AIDS GROWTH OF CITY

Richmond is not the fastest growing city in the world. The fastest growing city is in Great Britain.

LONDON, May 31.—The world's fastest growing town is not in the United States. It is in England in the county of Essex and its name is Dagenham. Since the end of the world war the population of the rural community has grown from 8000 to 90,000. But Americans can console themselves the thought that American initiative is contributing to this growth. For Dagenham is the seat of the new Ford factory which within a short time expects to supply all Europe with 200,000 improved flivvers each year. The new factory will be founded in the presence of Edsel Ford, early in May and a special village is being laid out to house 15,000 workmen to be employed in Europe's largest motor car factory. The mere fact of Ford's coming has encouraged the municipal authorities to build a new road to Dagenham dock and a glass factory is to be erected. (From the Oakland Tribune, May 12, 1929).

The building of the Ford plant in Richmond, which it is reported will be the equal of the Ford plant of Canada, the largest Ford assembly unit outside of Detroit, will undoubtedly place Richmond in close competition with the fastest growing city of the world.

Bermuda Tours On Decrease

HAMILTON, Bermuda, May 31.—Official reports of the volume of tourist travel here show that 31,492 visitors, mostly Americans, came to Bermuda during the year 1928, an increase of only 536 over the year 1927. Reports of the number of visitors three months of 1929 give the figures as 12,383, a falling off of 509 over the three months of last year.

NEW AIRPLANE INVENTED BY MECHANIC

Continued from Page 1

all he wants for himself is recognition and enough money to continue his work.

Although his invention is patented, it has been assigned to the public and anyone may use it without paying royalties. When aviation companies start using it, Nero hopes, some scientific institute may give him a prize to save him from poverty and enable him to reward the two friends who have lent him \$3000 to carry on his experiments.

Nero's invention is an airplane with screw-form wings, one the left hand, the other the right hand section of a screw-form. His theory is that the action of air pressure on such wings will reduce a three-fold reaction on the bottom, top and sides.

Small Field
This, he said, will give the plane inherent balance and it will be impossible for it to turn over. There will be no need for either ailerons or rudder. The only control apparatus will be in the tail. Furthermore, he said, his plane will require but little space for taking off and landing—almost a helicopter.

The present theory of flight takes into account air pressure from the bottom only and planes are constructed on this principle. In ascending and in slow flight, Nero's plane would operate on the same principle but in rapid flight the air pressure would be applied to the upper surface of the wings and it would be sustained by pressure on the lower surface of the tail.

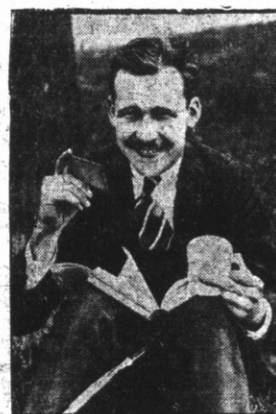

"That's the way a bird soars," Nero said. "It's the principle aviation has been searching for but now they won't accept it."

The small model Nero keeps in his cell-like room near the patent office looks like a headless bird and glides impressively. He still has hopes of convincing the National Advisory committee for Aeronautics that his invention can be useful to the army and navy.

Germany Thinks Dry Law A Joke

SAN FRANCISCO, May 31.—UP—Germany thinks prohibition in America a joke, according to Leoyle Dana Wilgress, Canadian government trade commissioner to Germany. While visiting here Wilgress said that the average German, being a steady but moderate drinker, does not understand why anyone should be denied his beer. "There is less drunkenness in Germany, with all its beer and liquor, than in any one state in the United States, I would say," added the Canadian.

THREE SLAIN, 4 SHOT BY DRINK CRAZED MAN

CHICAGO, May 31.—UP—Bar-tendered in a two-story brick building on the west side, a drink-crazed man shot and killed three persons and wounded four others in fighting off eight squads of detectives who sought to capture him today.

Ferdinand Preuss, the killer, armed himself with a shotgun and attempted to kill his wife, Rose, but she escaped and notified police. Two of those killed by Preuss were policemen, Sgt. John Connolly and Herbert Hedberg. The third was John Chorzak, a pedestrian.

Makes Escape
Preuss, after firing his deadly volleys at the police and endangering scores of pedestrians who had gathered to witness the battle, escaped and had not been captured early tonight.

Detective squads sent to the aid of the first four who were victims of the crazed man's bullets, could not explain how Preuss managed to get out of the house unnoticed.

Two of the wounded were members of Sergeant Connolly's squad of four, first to arrive on the scene. A volley of shots from inside brought Connolly and Hedberg down fatally wounded. The other two members of the squad, Joseph Murphy and Burke McInerney, were wounded seriously.

When Chorzak fell at the rear of the building, two persons, Jack Jaros, a waiter, and Frank Pozehki, who went to his aid, were shot by Preuss.

Seven other detective squads arrived on the scene and after a barrage of shotgun and revolver fire which was sent through a front window, the building was entered from all sides. Preuss, however, had disappeared. Only traces of blood from wounds believed to have been inflicted by police, were found in the house.

Neighbors told police that Preuss had been drinking for about two weeks and beat his wife severely today. She fled from the home and police were notified.

German Cotton Crop Slumps

BERLIN, May 31.—UP—The German cotton industry experienced a considerable slump during 1928, according to recent reports of the cotton industrialists' union, and pessimistic forecasts are being made by economic observers as to Germany's capacity to hold its own in international competition.

MEMORIAL DAY OBSERVED IN RICHMOND

Richmond, Berkeley, Albany and El Cerrito joined Thursday in celebrating Memorial day.

The program opened here Thursday morning at nine o'clock with a parade down Macdonald avenue from First street to Twenty-third street. Members of the Richmond police and fire departments, city officials, veteran organizations, Boy Scouts, and other organizations participated in the event.

The parades disbanded at Twenty-third street and were taken to Sunset View cemetery where they met a delegation from Berkeley.

At the cemetery services were held under the direction of veteran groups. The services closed with a salute fired over the graves of veterans and the sounding of "Taps" by the buglers.

In the afternoon the Richmond Municipal Band presented a concert at the Memorial park bandstand under the direction of A. A. Hart, director.

LIONS, AGENTS PLAY TIE GAME

The Richmond Lions and Insurance Agent baseball clubs fought to a 11 to 11 tie yesterday afternoon in seven innings at the First street ball park.

Came the dusk and they were still battling. Came the night and the game was called off, to be played again some time in the near future.

Dr. George Aloysius Boehmer led the Lion attack with four hits out of five times at bat. Pharo was second with three out of three and Huzefka got three out of four.

Ridge Greathouse, known as the "Great Ridge," led the Insurance agents, collecting two hits and two runs in two trips to the plate. Ripley followed him with two out of two and scored on run. Huzefka collected one hit and scored in two trips to the plate.

Bonham tried his luck as a pitcher for the Lions and was nipped for five hits. But he was wild as the well known hard walking more than 10 batters. Hill chucked for the agents and was hit 18 times.

FISHING TIPS GIVEN LOCAL ANGLERS.

Fishing tips to anglers were given by the El Cerrito Fish and Game Protective association. They were as follows:

Pulga—Fishing the last week has been good with quite a number of trout being taken. Bait is about all the fish will take at present as the water is still high but clearing rapidly.

Belden—Fishing very good with several good catches reported. Main river and north fork above Howells is best with salmon eggs or worms.

PAXTON—Fish in this vicinity poor at present. Water too high and muddy. Lake Almanon good catches of large fish have been caught during the week.

Keddie—Fishing fair in river. Water cloudy.

Sloat—Water clearing. Should be good fishing soon. No catches reported this week.

Wawona and Yosemite—Both places furnish good sport this week. Water clear and high. Large fish biting good.

Sequoia National Park—Fishing in Kaweah river best in years. Middle fork is "great." Good size trout and plenty of light.

Democrat Hot Springs—Kern river high and riley; fishing conditions poor. Upper Kern conditions are good.

Tuolumne County—Lyons dam fishing is best in years. Clavy river high but good fishing reported. Tuolumne river good, but high and clear. Stanislaus river at Strawberry. Water high, fish small, but numerous.

Kennedy Lake—Lots of snow on trail to lake. Road open to Camp Dardinell. Fishing good.

Gettysburg Wants Name On Cruiser

GETTYSBURG, Pa., May 31.—UP—This quiet little Pennsylvania town where the bloodiest battle which ever occurred on the North American continent was fought, wants one of the proposed new 15 cruisers of the United States Navy named for it.

Local residents, aided by Franklin Menges, members of congress from this district, are backing the move. Menges will present the matter to the Navy department.

OAKS DEFEATED BY STARS NINE

SAN FRANCISCO, May 31.—UP For the second time in succession darkness halted a tie game between Los Angeles and Seattle today and prevented the second place Angels from gaining on the league leading San Francisco Missions who were losing to Sacramento seven to five.

The second game at cattle Thursday was called after nine innings when the score was four to four and players could no longer see the ball. Apparently by the same coincidence that placed the two tie games together, the teams were deadlocked over the same score of 4 all when they finished the 14th inning today and umpires halted the game. Each had made 15 hits and three errors.

The Missions were six runs behind when they started the last of the ninth. The Senators stopped their rally after they had made four runs.

The San Francisco Seals climbed to within one game of the Angels by beating Portland, four to three. In the other contest of the Coast League Hollywood scored five runs in the seventh to break a tie and beat Oakland, eight to three.

Man Eats, Works Without Stomach

LONDON, May 31.—UP—A man without a stomach who takes his meals regularly and is able to do light work, has been the subject of medical interest recently.

Hepworth Etherington of Batley, near Leeds, was operated on 18 months ago as the only hope of saving his life. His stomach was removed, leaving only certain glands. After two weeks he was able to eat solid food and has enjoyed good health ever since.

NEVILLE IN STATE GOLF VICTORY

DEL MONTE, May 31.—UP—The champion was dethroned today when Jack Neville of Monterey defeated John J. McHugh of San Francisco, defending title holder, in the semi-final round of the California Amateur Golf championship.

Although the match was exciting, Neville held the upper hand throughout the 36 holes except once near the end and was victor by a score of two up.

Another decided upset was recorded when S. C. Stevens, Jr., of Pebble beach, defeated Fay Coleman of Los Angeles, 2 and 1, and Neville will meet Stevens in the final round Saturday.

McHugh and Coleman had been picked by experts to meet in the 36 hole championship play Saturday but the tables were completely turned.

The Monterey golfer has won the state amateur championship five times, capturing it first 18 years ago. His experience has naturally made him the new favorite, although Stevens, a black-haired youth who represents the Laneside club of Los Angeles, has been surprising galleries with near par golf throughout the present tournament.

Most of the spectators assembled here were attracted by the contest between Neville and McHugh and after it was over they pronounced it a classic.

Neville had been four up on McHugh when the first 18 holes were completed. Then in the first twelve holes of the afternoon the defending champion displayed his greatest brilliance of the day, cutting down Neville's lead until he had made the game all even on the tenth hole. With a birdie two McHugh took the twelfth, which gave him the lead for the first and only time of the day.

A par four and birdie gave Neville the next two holes. Then McHugh presented his final threat and with a par four, evened the match on the fifteenth. Neville took four strokes, or par, to win the sixteenth.

The victor drove to the green on the short 7th while McHugh was about 55 feet short. McHugh took three most strokes and Neville, using utmost caution, utilized his first putt to send the ball near the rim of the cup and then sank it for a par three and final honors.

Stevens held a narrow margin over Coleman of the afternoon, being one up after the ninth and nipping up another on the last nine.

Redmen Nine Victors Over Danville Team

The Redmen Junior baseball nine Thursday defeated the Danville team here at the First street field by a score of eight to seven.

In the ninth inning the score was 7 to 6 in favor of the Danville team Sam Miguel drew a walk and Babich went in to pinch hit for Sam Filippo. Babich clouted a triple and went home when the outfielder got mixed up with the ball.

CIRCUS HELD BY Y. M. C. A. CLUBS

A crowded auditorium witnessed the presentation of the Y. M. C. A. circus last night in the Y. building at Thirteenth street near Macdonald avenue.

Members of the Y. M. D. and the Hi-Y clubs participated in the event which was reported to have been a success.

Willie Hillier's orchestra, playing under the name of "Wee Willie's Syncopators" provided the music during the evening.

The Junior Girls' Hi-Y under the direction of Peggy Errington, opened the program with a song, and later staged a tumbling act. Todd Scott and Bernard Follett gave an exhibition of tumbling and other acrobatic acts.

Regina Mathews and Laura McKune pleased with several dances, and the Junior Girls' Hi-Y club presented songs and dances.

Edwin Poole, Harmon Jatta, George Miller and Hughes Fowell of the boys' Hi-Y club presented a parody on "The Shooting of Dan McGrew."

Under the direction of Mrs. Nelda Baker, members of the Girls' Hi-Y gave several dances. The Y. M. D. presented a minstrel show.

Later the audience visited the side-shows where they were shown "the wild man," "the fat lady," "the living skeleton" and others.

Readjustments Of Assessments Made By Ford

City Assessor J. O. Ford yesterday announced a readjustment of assessments in the city of Richmond. The new assessment rolls are now being prepared and will be completed about July 1.

Whether they will be a decrease or increase in the total valuation of the city is not known at this time.

Ford stated that there will be increases in some districts and decreases in others. Improvements made during the past year will serve to overcome the reduction.

He revealed that the assessments of the Standard Oil company was being raised about \$200,000 this year, due to improvements at the plant during the last year. There have been other industrial improvements in the city which will effect the assessed valuation also, he pointed out.

Assessments are being reduced approximately 20 percent on the west side, in the Pullman district and in the district west of Third street. Ford held that the existing assessments in these districts generally were too high.

At the same time there will be increases in assessments in Mira Vista and the east Richmond Heights districts. These increases, Ford estimated would average about 10 percent.

Assessments in the business district and the central part of the city will be unchanged except where improvements require new assessments. There will be no change in the ratio of assessments between improved and unimproved property, Ford said, denying a charge that such a rumor was contemplated this year.

The assessed valuation of this city was slightly in excess of \$30,000,000 last year.

Noel E. French Funeral Held
Funeral services were held here yesterday morning for Noel E. French, 75, 133 Fourth street, who died at his home here this week. Cremation was at Berkeley. Deceased was an employee of the Standard Oil company and had lived here 19 years. He leaves a widow and several sons and daughters.

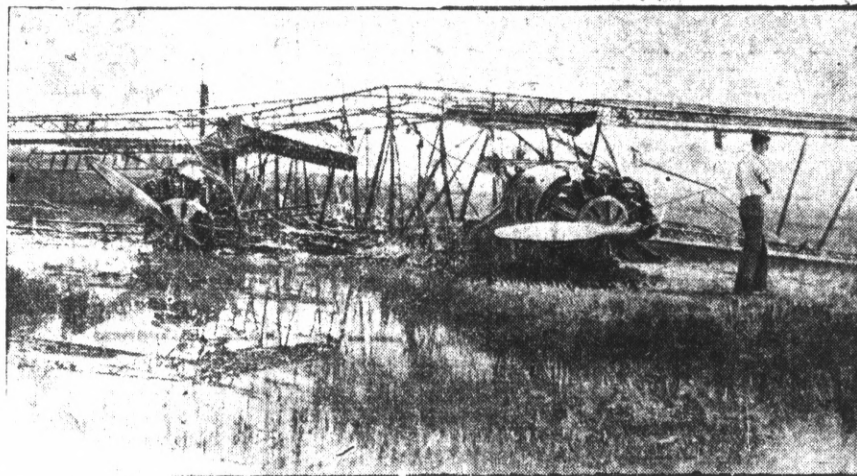

100 Scouts Will Receive Badges

Every member of Boy Scout troop No. 2, sponsored by the Richmond Rotary club will receive a merit badge at the Court of Honor to be held by the Richmond Scouts Tuesday night at the Lincoln school auditorium.

More than 100 boys will receive badges at the court. Last night more than 60 boys were examined at the court of review held in the school. Boys who will receive merit badges Tuesday night were examined by the board.

9 Escape As Plane Burns

SEVEN PASSENGERS and two pilots had a narrow escape from death when this big west-bound air mail transport caught fire 2000 feet in air near Elko, Nev. Chief Pilot Hugh Baker made safe landing on desert in dark. Abe Warner, the other pilot had the door of the cabin open before the blazing plane came to a stop and all on board escaped.

LINDY THOUGHT ON SOUTHERN ISLAND

BRUNSWICK, Ga., May 31.—UP—A rumor that Col. Charles A. Lindbergh and his bride were honeymooning on an island off the coast of Georgia was strengthened tonight by an announcement that newspapermen would not be permitted to land at Sattelo island owned by Howard E. Coffin, millionaire automobile magnate. The island was being guarded tonight by two men.

C. F. Redden, vice-president of the company owning the island gave orders that its use was not to be permitted.

If Colonel and Mrs. Lindbergh are at Sattelo island they would have requested the privilege of remaining in seclusion.

The Lindberghs were reported to have been set ashore at St. Catherine Island by a Coffin ship this afternoon. Redden's attitude, however, seemed to indicate that they were left on Sattelo island instead.

The rumor has it that they arrived in an amphibian plane from New York yesterday afternoon, accompanied by two officials of the Transcontinental Air, a concern with which Lindbergh is connected.

The only approach to Sattelo island is by water and the docks are privately controlled and guarded.

No Mans Land May Be Park
PARIS, May 31.—So rapid has been the work of reconstructing the devastated regions of France that Deputy Georges Antoine has introduced a bill asking that a part of the war area be segregated to serve as a permanent souvenir of the feverish days that followed the opening of hostilities in 1914.

M. Antoine proposes that the segregated region be made a sort of park to which school children of the future could be taken.

LABOR PARTY VICTORS IN ENGLAND

Continued from Page 1)
representing a net gain of 12 seats. Other parties had five seats, one less than in the last parliament.

The election which raised the labor party to a position of power for the second time in its history and for the first time since 1924 brought Great Britain face to face with the dreaded political stalemate which will prevent any party from forming a stable government.

Lacking a majority in the House of Commons, MacDonald would be able to form a cabinet and remain in power only through the support of Lloyd George. Observers consider it unlikely that such a precarious government would enjoy a long life and the probable outcome would be another general election within a few months after the new parliament convenes June 25.

New Cabinet
There is a possibility that the condition of King George, who is again ill at Windsor Castle, will have some effect on the developments of the next few weeks but only to the extent of possibly delaying the resignation of Baldwin as prime minister.

Baldwin, whose party held 400 seats in the last parliament, has announced that he would not attempt to continue in office unless given a working majority, which would be at least 30 votes.

MacDonald, however, announced that he would form a new cabinet if the king requested it—which meant he would become prime minister if his party was given a bare majority, such as it will be assured of in the next parliament.

League Will Stabilize Gold

GENEVA, May 31.—UP—The League of Nations has just undertaken the task of the worldwide stabilization of the purchasing power of gold.

With the gradual return of all the leading nations to the gold standard basis, fluctuations in the purchasing power of the yellow metal still constitute one of the serious obstacles to the fullest development of international trade and commerce.

Ball Hawks Join Fire Department

MELROSE, Mass., May 31.—UP—What happens to the big league ball player whose sun of fame has set?

Two answers to this question may be found in this city, where Joe Harris, formerly a pitcher for the Boston Red Sox, and Dominick Mulrean, once a pitcher for the Chicago White Sox, are both attached to Ladder 1 of the fire department.

KING PASSES QUIET DAY

WINDSOR, England, May 31.—UP—King George has passed safely through the most dangerous period of the set-back he suffered early this week and it was learned on good authority tonight that the royal physicians are well satisfied with his present condition.

An abscess which formed under the old scar on the right side of his majesty's chest is draining satisfactorily but the king must remain in bed as a result of the relapse which halted his recovery from the long illness of last winter.

The official announcement at Windsor Castle, where the king has been for several weeks, said: "The king had a quiet day with some sleep. His condition remains satisfactory."

Sir Stanley Hewett and Lord Dawson of Penn, the two physicians who attended the king during his long illness, visited the sick chamber before returning to London late in the evening. Lord Dawson, who returned from Paris by airplane yesterday, spent the night at the castle.

'Senior Day' Enjoyed At High School

Dignified seniors at the Richmond Union high school yesterday lost their dignity and assumed the air of childhood once again.

It was the annual Senior Day at the school and the entire graduating class appeared in "kid" clothing. Girls wore pig-tails and calico dresses while the boys wore their knicker and bow ties.

A program was presented in the school auditorium and field sports were held at the school oval.

C. C. Nelson Rites Held

Funeral services were conducted yesterday for C. C. Nelson, of El Cerrito, from the Wilson and Kratzer chapel. Rev. Alden Pratt officiated. Interment was in Sunset View cemetery.

Nelson was killed in a fall from a steel tank at Martinez last Sunday.

Dr. K. S. Colbie's Offices Robbed

Burglars entering the Koerber building in Berkeley Thursday escaped with \$700 worth of gold crowns and bridge work from six dentists' offices.

Dr. K. S. Colbie, one of the victims of the robbery, is well-known here. He is the son-in-law of Mr. and Mrs. E. R. Axelson, 155 Eleventh street.

Salvatore Danna Funeral Held

Funeral services were conducted here yesterday morning from the St. Mark's church for Salvatore Danna, 75, 411 Ohio avenue. Interment was in St. Joseph's cemetery. Danna was a grocer and had lived here 22 years. He was a native of Italy. Surviving him are a widow, Mrs. Wilhelmina Danna and several children.

E. B. RUSSELL RITES TODAY

Funeral services will be held in Oakland this afternoon at two o'clock for Edward B. Russell of Berkeley, government food inspector for northern California who died at the Letterman hospital Thursday.

Deceased was the father of Lewis Russell of Fresno. Mrs. Lewis Russell was formerly Miss Ieda Osborn of Richmond.

Johnston To Move Office On June 10

H. A. Johnston, manager of the California Guarantee Building and Loan association and the Martinez Abstract and Title company yesterday announced plans for the moving of the two firm's offices.

New quarters on Macdonald avenue near Eleventh street will be occupied by the two firms on June 10, Johnston stated yesterday.

The move was originally scheduled for today, but alterations of the new offices are not completed. The offices will remain at Sixth street and Macdonald avenue until the new office is ready.
